Say No to fascism and racism arising in Europe. Stand up for fight!

Fascism and racism is growing in Europe. It has been 70 years since the defeat of Mussolini, Hitler and Franko fascism. People of the Soviet Union and other nations fought hard to defeat fascism, even though it was defeated then, it has not been wiped out. Fascism and racism will exist as long as imperialism and capitalism exists. It is a historical fact that the imperialist-capitalist system will deliberately encourage and finance fascist and racist organisations. The shootings of black people by Ferguson and Baltimore police in the USA is a recent example. For many years organised groups such as the fascist and racist **KKK** have committed countless massacres.

Stand Firm against Fascist and Racist Organisations!

As an excuse for the deepening economic crises and immigration to Europe as a consequence of imperialist occupation and exploitation, fascist organisations are widening their audiences and increasing their structures in legal and illegal areas. **NSU** in Germany is an example for the illegal organisations. Created with direct support from the German secret service, NSU has murdered 9 migrants in Germany, the German state turned a blind eye. Some of the legal fascist and racist organisations in Europe are **PEGIDA**, **NPD** and **AfD**, **National Front** in France lead by Le Pen, **FPÖ** in Austria, **SVP** in Switzerland, **EDL** in England and **Golden Dawn** in Greece. Fascist attacks and murders are on increase. This legal and illegal fascist organisations are supported by European imperialist states. **Stand Up and Fight against fascist and racist organisations!**

Stand Firm against racism at School and Workplaces!

We are facing racism in our daily lives, labelled as “Black Heads” we are been attacked at school and in our workplaces. Migrant students do not get equal opportunities at universities and when applying for jobs. Migrants are scapegoated for the economic crises. Education is one of the fundamental sectors for racism to grow. This constitutes to state racism. State racism is the most fundamental racism we face in security, education, health and work sectors. **STAND FIRM AGAINST RACIST POLICIES IN SCHOOLS AND WORKPLACES. STAND UP FOR FIGHT!**

Raise the anti-fascist Struggle!

Where ever we are, it is the duty of every progressive, democrat and revolutionary to fight against racism and fascism. It is a must, while exposing imperialist capitalist system as the main source of fascism, creating anti-fascist fronts, and strengthen the existing platforms and organisations. Only solution for racism on the rise is strengthening anti-imperialist and internationalist front. Racism and fascism is an attack on labour front, **strengthen the anti-fascist movement to negate these attacks!**

STAND AGAINST FASCISM, IMPERIALISM AND ALL FORMS OF REACTIONARISM!

LONG LIVE OUR ANTI-FASCIST, ANTI-IMPERIALIST STRUGGLE!

LONG LIVE INTERNATIONAL SOLIDARITY!
